## **WEST STAR AVIATION STREAMLINES “EXPERIENCE ON CALL” APP DOWNLOAD**

**East Alton, IL, August 11, 2011**—West Star Aviation is proud to announce that by utilizing a QR code, their iPhone app, “Experience On Call” is now even easier. In addition to being available to download free from the Apple App store, the “Experience On Call” app can be accessed by scanning the QR code, which will be displayed on West Star Aviation literature.

“Experience On Call” is an app designed to provide direct contact to a full directory of professionals at West Star Aviation, whenever assistance is required. After selecting an airframe, the needed service and location, the user is given the option to call or email the contact of choice immediately. In addition, the app is continuously updated with the latest information available. This ensures that users are just a few touches away from reaching the experts at West Star who will best be able to assist them.

West Star Aviation, Inc. specializes in the repair and maintenance of airframes, windows, and engines, as well as major modifications, avionics installation and repair, interior refurbishment, surplus avionics sales, accessory services, paint and parts.

In addition to its facilities in East Alton, IL; Grand Junction, CO; Columbia, SC; and Dallas, TX, West Star Aviation runs the maintenance operations at Aspen-Pitkin County Airport in Aspen, CO and at Spirit of St. Louis Airport in Chesterfield, MO. The company also provides complete FBO services for transient aircraft at its newly remodeled East Alton and Grand Junction facilities. West Star Aviation, Inc. is an industry leader in technical experience and expertise while providing world-class customer services in all the organization’s divisions. For more information visit <http://www.weststaraviation.com> or call 800-922-2421.
