### **West Star Aviation Appoints Joan Pompa Interior/Paint Project Manager At East Alton**

**East Alton, IL, March 5, 2014** - West Star Aviation recently announced they have appointed Joan Pompa as Interior/Paint Project Manager at their East Alton, IL (ALN) location. Joan joined West Star in 2013 as Interior/Paint Sales Manager at their Grand Junction, CO (GJT) location. Joan will continue to support GJT interior and paint sales while she transitions into her new role.

In addition to her experience at West Star, Joan has 13 years of sales experience in interior, paint and refurbishment projects.

“We continue to see an increase in demand for our interior refurbishment and paint services,” says Eric Kujawa, General Manager (ALN), West Star Aviation. “This demand has created a need to have a single point of contact working in operations at ALN to manage all of the incoming projects. Joan’s success since joining West Star coupled with her previous experience makes her strong choice for this position.”

In her new role as Interior/Paint Project Manager, Joan will work directly with the sales team and manage the overall project from pre-arrival planning and material selection to post-departure follow up. Joan can be contacted directly at 636-575-0683 or [jpompa@wsa.aero](mailto:jpompa@wsa.aero).
