**WEST STAR AVIATION Named Approved Window Repair & Replacement Vendor For C21 Fleet**

**East Alton, IL, May 28, 2014-** West Star Aviation, Inc. has been named the approved window repair and replacement vendor for the C21 fleet, which consists of Learjet models 35s & 36s being utilized by the United States Air Force.

West Star currently has two window repair locations at their East Alton, IL (ALN) and Grand Junction, CO (GJT) locations, allowing them to dispatch one of their highly trained aircraft window experts to any base worldwide. West Star currently employs five window technicians with a combined experience of 65 years specializing in aircraft windows, allowing them to provide quick response time worldwide to the United States Air Force.

“We are proud to be selected the approved vendor for the C21 fleet,” says Chris Becker, Window Repair Program Manager (GJT), West Star Aviation. “Our years of experience coupled with our extensive window repair and replacement services will allow us to provide high quality craftsmanship and customer service to our military.”

West Star can repair, refinish, or replace windows for most corporate aircraft including Falcon, Hawker, Citation, Challenger, Learjet, King Air, Conquest, Embraer and Westwind. Specializing in cabin and cockpit windows, light lens and surface sealing, West Star offers a variety of solutions for all window needs. Contact Chris Becker at 970-243-7500 or [cbecker@wsa.aero](mailto:cbecker@wsa.aero) to learn more or to schedule service.

West Star Aviation, Inc. specializes in the repair and maintenance of airframes, windows, and engines, as well as major modifications, avionics installation and repair, interior refurbishment, surplus avionics sales, accessory services, paint and parts.

In addition to its facilities in East Alton, IL; Grand Junction, CO; and Columbia, SC. West Star Aviation runs the maintenance operations at Aspen-Pitkin County Airport in Aspen, CO and at Spirit of St. Louis Airport in Chesterfield, MO. The company also provides complete FBO services for transient aircraft at its newly remodeled East Alton and Grand Junction facilities. West Star Aviation, Inc. is an industry leader in technical experience and expertise while providing world-class customer services in all the organization’s divisions.
