FOR IMMEDIATE RELEASE

**West Star Aviation Receives FAA Part 145 Repair Station Certification For
Denver Satellite Location**

East Alton, IL, May 23, 2017- West Star Aviation receives a FAA Part 145 repair station certification for their Denver satellite location at Centennial Airport (APA).

West Star Aviation's Denver location opened in 2014 providing aircraft maintenance and support for Denver Metropolitan Airports. As a satellite location, APA offers avionics repairs, maintenance troubleshooting and other services. If necessary, the West Star Denver location will obtain ferry permits so customers can utilize one of West Star Aviation's three full-service MRO facilities located in East Alton, IL, Grand Junction, CO, and Chattanooga, TN.

"We are pleased to be able to offer our Denver customers a maintenance option at our on-site APA facility. Our Part 145 repair station certification allows us to provide efficient maintenance options on select aircraft, while still providing additional full-service aircraft maintenance if needed at one of our convenient locations," said Eric Kujawa, General Manager, West Star Aviation.

For more information on specific models and ratings included in the Part 145 certification for Denver, please visit www.weststaraviation.com.

Voted #1 Preferred MRO in the 2014, 2015, 2016, and 2017 *Professional Pilot* magazine annual "Preferences Regarding Aviation Services and Equipment" (PRASE) Survey, West Star Aviation specializes in the repair and maintenance of airframes, windows, and engines, as well as major modifications, avionics installation and repair, interior refurbishment, surplus avionics sales, accessory services, paint and parts.

In addition to its facilities in East Alton, IL; Grand Junction, CO; and Chattanooga, TN, West Star Aviation runs maintenance operations at Aspen-Pitkin County Airport in Aspen, CO; Chicago Executive Airport in Chicago, IL; Centennial Airport in Denver, CO and Conroe-North Houston Regional Airport in Houston, TX. The company also provides complete FBO services for transient aircraft at its newly remodeled East Alton and Grand Junction facilities. West Star Aviation is an industry leader in technical experience and expertise while providing world-class customer services in all the organization's divisions. For more information visit www.weststaraviation.com or call 800-922-2421.
